+1 814 730 2105

I have a B.A. in Psychology from the Pennsylvania State University and am currently working as a freelance web developer. In the past I've worked in an office as a rental agent for a property management company and as a team lead and wilderness counselor at a facility for adjudicated youth. I have experience with a variety of technologies and work environments as well as leadership roles.

Authorized to work in the US for any employer
